Subject Index

A

ABSORPTION

Soft lining materials tested for absorption of artificial saliva. Kazanji, M.N. et al. 601

ABUTMENTS, DENTAL

Maxillary incisors are effective as overdenture abutments. Boone, M.E. et al. 130
Vital root resection saves time and money. Haskell, E.W. et al. 579

ACCELERATORS

N-phenylglycine a reversibly adsorbed amine accelerator. Misra, D.N. et al. 204

ACCEPTANCE OF HEALTH CARE

Dentist's behavior key in management of maladaptive denture patients. Friedman, N. et al. 299

ACCIDENT PRONENESS

Out in left field. 589

ACCIDENTAL FALLS

Stumble safeguard. Horgan, J. 589

ACID ETCHING, DENTAL

Cast etch bridge to restore midline diastema. McCann, K.J. 15
Esthetics and the future. Levin, R.P. 283
Phosphoric acid etchants measured for ability to penetrate fissures. Brown, M.R. et al. 542
Toxicity tests give product poor rating. Arenholt-Bindslev, D. et al. 148

ACIDITY

Moderate citrate level reduces acidogenicity of sugar-based drinks. Duke, S.A. et al. 316

ACQUIRED IMMUNODEFICIENCY SYNDROME *see also* AIDS-RELATED COMPLEX; DENTAL CARE FOR HANDICAPPED; HIV SEROPOSITIVITY

AIDS and compassion. Friedland, G. 503
AIDS transmission. Friedland, G.H. et al. 49
Case of blastic lymphoma of hard palate mucosa in AIDS patient reported. Ibrahim, J.S. et al. 405
Cryptococcus lesions in a patient with AIDS. Glick, M. et al. 75
Dentists not well informed about AIDS. Atchison, K.A. et al. 137
Dentists' obligations regarding treatment of AIDS patients. Babcock, J. 190
Team effort required for infection control. 78
Welcome back. 85

Prevention & Control

Dental school AIDS policies surveyed. Monsour, P.A. et al. 249
Update on HIV vaccine. Merz, B. 330

Psychology

How dentists feel about AIDS patients. Hardie, J. 142
Medica. workers' concerns about AIDS investigated. Link, R.N. et al. 387

ACRYLIC RESINS

Exposure to saliva reduces bond strength. Aboush, Y.E. et al. 34
Plastic cap used for better impression taking. Fitzg, S. et al. 241
Trauma from heated autopolymerizing resin. Hardison, J.D. 354
Wear characteristics of new denture material. von Fraunhofer, J.A. et al. 321

ACTINOBACILLUS

Advances in replacement therapy. Hillman, J.D. et al. 91

ACUPUNCTURE

Acupuncture therapy resulting in pain. Lapeer, G.L. et al. 443
Link between tenderness and acupuncture points in masseter muscles. List, T. et al. 634

ACYCLOVIR

Review on treatment of orofacial herpes virus with use of acyclovir. Perna, J.J. et al. 512

ADMINISTRATION, ORAL

Triazolam ideal for dental office sedation. Young, E.R. et al. 564

ADOLESCENCE

Adolescents require tactful approach by dental practitioner. Friedman, C.S. et al. 183

The expanding role of the pediatric dentist—dental care for the adolescent. McDonald, R.E. 560
Molars introduce bias in partial mouth recording. Silness, J. et al. 383

Special considerations in adolescent care. Machen, J.B. 125
Troubled minds. Raeburn, P. 308

ADOLESCENT BEHAVIOR

Bulimics and purgers report higher rates of alcohol, marijuana use. Killen, J.D. et al. 104

ADVERTISING *see also* MARKETING; MARKETING OF HEALTH SERVICES

Dental advertising raises questions. Rozovsky, L.E. 79
The history of dental advertising in the U.S. Soh, G. 446
Potions and lotions. Croll, T.P. 334

AFFECT

Mood food. Maas, R. 28

AFTER CARE

Better compliance with 0.1% chlorhexidine for postoperative use. Hepso, H.U. et al. 380
Designing a recall program for endodontics. Reit, C. 63

AGE DETERMINATION BY SKELETON

Three-fingers method of skeletal age assessment clinically acceptable. Heloiso, R.L. et al. 155

AGE FACTORS

Age and saliva secretion show effects on tongue. Kullaa-Mikkonen, A. et al. 534
No correlation between age and development of experimental gingivitis. Winkel, E.G. et al. 98

AGED *see also* GERIATRIC DENTISTRY

Complex physical, medical, and social etiology of root caries in elderly. Beck, J.D. et al. 145
Effects of chlorhexidine rinse on oral health of an elderly population. Yanover, L. et al. 609
Ethics in dental care for elderly patients. Wetle, T. 131
Glass ionomer cements acceptable restorations in elderly populations. Mount, G.J. 624
Medications can affect dental care in elderly. Levy, S.M. 305
Need for denture replacement in elderly patients. Hoad-Reddick, G. et al. 132
Scents-ability. 140
Who can afford to die? Edmonson, B. 197

AGGRESSION *see also* VIOLENCE

Bullies may remain aggressive throughout their adult lives. Roberts, M. 219

AGING

Dental students learn complexity of aging. Tillman, H.H. 193
Periodontal ligament collagen fibrils show no shrinkage with age. Luder, H.U. et al. 320

AIDS-RELATED COMPLEX

Zapping AIDS. Levey, G. 84

AIRCRAFT

Disaster team: identifies victims of airplane crash. Warwick, A.J. 10
No flying zone. 140

AIRWAY OBSTRUCTION

Therapy

The Flake maneuver. Gurny, O. 309

ALCOHOL DRINKING

Firearms, alcohol, and suicide rate in Alaska. Hlady, W.G. et al. 272
The party's over. Barnett, R. 196

ALCOHOLIC BEVERAGES *see also* BEVERAGES

Alcohol consumption and reduced weight in women. Williamson, D.F. et al. 48

ALCOHOLISM

Booze in the blood. 421

ALDEHYDES

Neural toxicity with aldehyde-containing paste used as sealer. Kleier, D.J. et al. 290

ALLIUM

Strong breath, strong body. Cobb, K. 84

ALPHAPRODINE

Response to sedation measured in children. Lambert, L.A. et al. 366

ALUMINUM OXALATE

Aluminum oxalate dentin conditioning compares with ferric oxalate. Gwinnett, A.J. 378

ALUMINUM SILICATES

A SEM-based assessment of casting ring liners. Naylor, W.P. et al. 156

ALVEOLAR NERVE

Neural toxicity with aldehyde-containing paste used as sealer. Kleier, D.J. et al. 290

ALVEOLAR PROCESS

Alternative treatment for atrophic maxilla. Fattore, L. et al. 355

Angular defect does not affect long term prognosis of periodontal therapy. Pontoriero, R. et al. 380

Bone loss assessed by direct measurement of panoramic radiographs. Kaimenyi, J.T. et al. 384

Therapy

Adjunctive, regenerative approach to periodontal defects investigated. Garrett, S. et al. 553
Periodontal treatment of intrabony defects. Morris, M.L. et al. 552

ALVEOLAR RIDGE AUGMENTATION

Mandibular bone grafts have advantages in reconstructive surgery. Sindet-Pedersen, S. et al. 554
Patients satisfied with mandible reconstruction. Vanassche, B.J. et al. 550

Preventive augmentation for fixed prosthesis. Balshi, T.J. 13

ALZHEIMER'S DISEASE

Alzheimer's patients require special care. McClain, D.L. 18

AMINOLEVULINIC ACID

Don't let 'em bug you. Horgan, J. 364

AMNESIA

Amnesia possible side effect of midazolam use for conscious sedation. Malamed, S.F. et al. 508

AMPHOTERICIN B

Oral yeast infections caused by Candida. Swenson, H.M. 63

AMPICILLIN

Antibiotic regimens for prophylaxis against infective endocarditis. Green, J.G. et al. 341

ANALGESICS

Flurbiprofen/etidocaine superior to standard anesthesia/analgesia. Dionne, R.A. 38

ANALOGY

Recognizing an analogy is like. Rubin, J. 196

ANESTHESIA, DENTAL

Clinical review of conscious sedation. Clem, D.S. et al. 452
Demand for general anesthesia decreases. McLaughlin, W. et al. 142

Local anesthesia review. Jeske, A.H. 453

The mandibular foramen: positioning statistics. Hetson, G. et al. 198

Nalbuphine and fentanyl comparison conducted. Dolan, E.A. et al. 478

Periodontal ligament injection used in treatment of children. Davidson, L. et al. 92

TENS stirs interest in dental community. Berweger, R. et al. 61

Triazolam ideal for dental office sedation. Young, E.R. et al. 564

Adverse Effects

Amnesia possible side effect of midazolam use for conscious sedation. Malamed, S.F. et al. 508

Anesthesia use should include monitoring for cardiac dysrhythmias. Rodrigo, C.R. 452

Instrumentation

Efficacy compared for 25- and 30-gauge needles. Brownbill,

J.W. et al. 157

ANESTHESIA, GENERAL
Anesthesia use should include monitoring for cardiac dysrhythmias. Rodrigo, C.R. 452
Comparison of isoflurane and enflurane in recovery. Valanne, J.V. et al. 381
Comparison of monitors for pulse oximetry. Anderson, J.A. et al. 370
Demand for general anesthesia decreases. McLaughlin, W. et al. 142

ANESTHESIA, INTRAVENOUS
Clinical review of conscious sedation. Clem, D.S. et al. 452
Nalbuphine and fentanyl comparison conducted. Dolan, E.A. et al. 478

ANESTHESIA, LOCAL
A case of needle track infection. Connor, J.P. et al. 344
Local anesthesia review. Jeske, A.H. 453
Narcotics interact with local anesthesia: a case. Moore, P.A. 229
Response to sedation measured in children. Lambert, L.A. et al. 366

ANESTHETICS
Flurbiprofen/etidocaine superior to standard anesthesia/analgesia. Dionne, R.A. 38

ANESTHETICS, LOCAL
Comparison of pain from local anesthetics. Morris, R. et al. 210
Diagnosing allergies to local anesthetics. Assem, E.S. et al. 229
Reducing risk from adverse reactions to local anesthetic. Shapiro, J. et al. 61

ANGIOMATOSIS, INTRAVASCULAR
Differential diagnosis of Masson's lesion. Luce, E.B. et al. 619

ANGULAR BONY DEFECT
Angular defect does not affect long term prognosis of periodontal therapy. Pontoriero, R. et al. 380

ANTIBIOTICS
Contraceptive failure due to drug interaction. Sandor, G.K. et al. 96

ANTIBODIES
Study of antibodies against Legionella in dental personnel. Reinthal, F.F. et al. 540

ANTIDEPRESSIVE AGENTS, TRICYCLIC
Tricyclic antidepressant caution for chronic pain. Hersch, E.V. 10

ANTI-INFECTION AGENTS, LOCAL
Antimicrobial activity of dentifrices small. Moran, J. et al. 382
Controlled released antiseptic tested. Barnett, T.L. et al. 377

ANXIETY
Dentist's behavior key in management of maladaptive denture patients. Friedman, N. et al. 299
Patients suffering from dental anxiety exhibit common personality traits. Schuur, A.H. 315
The price of success. Gallagher, W. 308
Psychologic treatment for the anxious patient. Pawlicki, R. 184
Worry warts. Hoffer, W. 308

APPOINTMENTS AND SCHEDULES
How to improve patient appointment keeping. Gross, A.M. et al. 362
Night clinic proves valuable to students and their patients. Gates, R.L. et al. 418
Turning the tables on no-shows. 247

ARCHAEOLOGY
Cape Cod ossuary shows southern New England settled before Pilgrims. McManamon, F.P. et al. 501

ARRHYTHMIA
Anesthesia use should include monitoring for cardiac dysrhythmias. Rodrigo, C.R. 452

ART HISTORY
Toothpuller is an important piece of dentistry artwork. Moskow, B.S. 275

ART THERAPY
Prescription to paint. Horgan, J. 476

ARTHRITIS
Sodium hyaluronate and steroid injections effective in TMJ arthritis. Kopp, S. et al. 95

ASBESTOS
A SEM-based assessment of casting ring liners. Naylor, W.P. et al. 156

ASPARTAME
No link found between aspartame and headache in placebo study. Schiffman, S.S. et al. 47

ASPIRIN
Risk of myocardial infarction cut in half by low-dose aspirin. 272

ATHLETIC INJURIES
Dental injuries caused by contact sports. Sane, J. et al. 594
Softball sliding injuries lessened with breakaway base. Janda, D.H. et al. 331

ATTITUDE
AIDS and compassion. Friedland, G. 503
How dentists feel about AIDS patients. Hardie, J. 142

AUSCULTATION
Doppler auscultation aids in TMJ diagnosis. Davidson, S.L. 635

AUTISM
Dental management for patients with autism. Davila, J.M. et al. 304

AUTOMATIC DATA PROCESSING
Periodontal evaluation easier with computer. Giovampalo, P.P. et al. 327

AUTOMOBILE DRIVING
Bumper to bumper. 196
Do radar detectors encourage unsafe driving? 219

AUTOMOBILES
Automotive shaken-down. 532

AVERSIVE THERAPY
Aversion therapy used to reduce unwanted behavior. 48

B

BACTEREMIA see SEPTICEMIA

BACTERIA
Low incidence of root surface caries after periodontal treatment. Emilion, C.G. et al. 315
Short delay affects bacterial counts. Wolffe, G.N. et al. 40

BACTERIAL INFECTIONS see also SEPTICEMIA
Microbiologic assays enhance diagnosis in periodontal disease. Greenstein, G. 644

BACTEROIDES
Antibiotic sensitivity key to treatment of refractory periodontitis. Van Dyke, T.E. et al. 353
Detection of Bacteroides with immunofluorescence. Pantera, E.A. et al. 435

BACTEROIDES INFECTIONS
Role of black-pigmented Bacteroides in infection. van Winkelhoff, A.J. et al. 434

BANKRUPTCY
Diet supplement scheme ends in bankruptcy. Farley, D. 46

BASEBALL
Softball sliding injuries lessened with breakaway base. Janda, D.H. et al. 331

BATHROOM
Not just for baths anymore. Dawson, C. 141

BEHAVIOR
Bullies may remain aggressive throughout their adult lives. Roberts, M. 219
Predicting behavior of disabled children in the dental office. Udin, R.D. 423

BEHAVIOR THERAPY
Aversion therapy used to reduce unwanted behavior. 48
Should parents accompany children into operator during dental treatment? Wright, G.Z. et al. 134

BEVERAGES see also ALCOHOLIC BEVERAGES
The effects of sport drink on molars studied. Sorvari, R. et al. 538
Moderate citrate level reduces acidogenicity of sugar-based drinks. Duke, S.A. et al. 316

BICARBONATES
NaCl irrigating solution causes gingiva injuries. Herrin, J.R. et al. 153

BICUSPID
Narrow and buccally placed opening indicated in mandibular premolars. Wilcox, L.R. et al. 30
Root development in premolar teeth: a study. Tatum, R.C. et al. 422
Treatment of bilateral transposition of canines and first premolars. Nestel, E. et al. 405

BICYCLING
Get the massage. Higdon, H. 84

BINDER'S SYNDROME
Etiologic heterogeneity in Binder's syndrome. Olow-Nordam, M. et al. 317

BIOCOMPATIBLE MATERIALS
Pulp response to dentin-enamel bonding. Stanley, H.R. et al. 639

BIONICS
Music to your ears. 85

BIRDS
Friendly fishermen. 141

BITE FORCE
TMJ force reactions vary. dos Santos, J. et al. 385

BITE, OPEN
Rare case of open bite from hemarthrosis. Hes, J. et al. 469

BLINDNESS
It's a dog's life. Harth, R. 28
Sight savers. 29

BLOOD BANKS
HIV-2 not seen as threat. Marwick, C. 330

BLOOD CHEMICAL ANALYSIS
Methods
It's in the blood. Horgan, J. 252

BLOOD DONORS
Preoperative donation of autologous blood. Triplett, W.W. et al. 346

BLOOD GLUCOSE
Variable responses to endodontic treatment. Cheraikin, E. 62

BLOOD TRANSFUSION
Present safeguards for blood supply show great improvement since 1983. Petriciani, J.C. et al. 556
Reducing the risks of blood transfusion. Laskin, D.M. 52

BLOOD TRANSFUSION, AUTOLOGOUS
Preoperative donation of autologous blood. Triplett, W.W. et al. 346
Reducing the risks of blood transfusion. Laskin, D.M. 52

BODY WEIGHT
Alcohol consumption and reduced weight in women. Williamson, D.F. et al. 48
Body mass and mortality relationship studied. Harris, T. et al. 273

BONDING
High gold alloys show least penetration in interface testing. Chambliss, L.S. et al. 638

BONDING, DENTAL
Aluminum oxalate dentin conditioning compares with ferric oxalate. Gwinnett, A.J. 378
Amalgam bonding better than enamel and with less microleakage. Staninec, M. et al. 433
Bonding systems for metal prostheses studied. Creugers, N.H. et al. 427
Developments in bonding materials have improved restorative dentistry. Shortall, A.C. et al. 570
Exposure to saliva reduces bond strength. Aboush, Y.E. et al. 34
Factors affecting bond strength of restorations. Welbury, R.R. et al. 640
Metal and ceramic shear bond strengths compared. Gwinnett, A.J. 378
N-phenylglycine a reversibly adsorbed amine accelerator. Misra, D.N. et al. 204
Pulp response to dentin-enamel bonding. Stanley, H.R. et al. 639
Rebond strength of solid retainers. Naifeh, D. et al. 429
Retention of resin bonded fixed partial dentures studied over long time. Priest, G.F. et al. 428
Superior chemical retention of laboratory light-cured resins. Barzilay, I. et al. 322

Methods
Bonding techniques for porcelain and gold. Andreasen, G.F. et al. 349
Comparison of commercial dental bonding agents. McInnes-Ledoux, P. et al. 254
Resin-bonded fixed partial dentures: preparation designs. Eshleman, J.R. et al. 521

BONE AND BONES
Effects of DBM in bone defects studied in rabbits. Aspenberg, P. et al. 637

BONE GRAFTS
Adjunctive, regenerative approach to periodontal defects investigated. Garrett, S. et al. 553
Mandibular bone grafts have advantages in reconstructive surgery. Sindet-Pedersen, S. et al. 554

BONE PLATES
A review of the mandibular staple. Small, I.A. 627

BONE REGENERATION
Biochemical sequence of bone repair described. Bruce, R.A. et al. 98
Simple method to study the ingrowth of bone. Keller, J.C. et al. 101

BONE RESORPTION

- Bone loss assessed by direct measurement of panoramic radiographs. Kaimenyl, J.T. et al. 384
Forced eruption to manage isolated infrabony defect. Levine, R.A. 238
Impression technique for patients with severe ridged resorption in the mandible. Callison, G.M. 408
Interleukin-1 beta key mediator in some dental disease processes. Jandini, J.J. 628
Restorative periodontal procedures illustrate periodontal esthetics. Karsten, R.H. et al. 239

BOTTLE FEEDING

- Association between bottle-feeding and malocclusion not found. Meyers, A. et al. 265
Parental involvement in treatment important in nursing caries syndrome. Brossok, G.E. et al. 517

BRADYKININ

- Easing the pain. Beardsley, T.M. 532

BRAIN CHEMISTRY

- Only from the mind. Friedman, R. 420

BRISTLES

- Toothbrush evaluations. Silverstone, L.M. et al. 325

BRUXISM

- A study of nocturnal bruxism treatments. Pierce, C.J. et al. 424
Tooth wear not linked with sleep bruxism. Dettmar, D.M. et al. 208

BULIMIA *see also* OVEREATING

- Bulimics and purgers report higher rates of alcohol, marijuana use. Killen, J.D. et al. 104
Diabetic patient with bulimia suffers severe oral complications. Bevenius, J. et al. 304

BURNS

- Trauma from heated autopolymerizing resin. Hardison, J.D. 354

BURNS, CHEMICAL

- Band seater causes burn. Moore, R.N. et al. 349

BURNS, ELECTRIC

- Reverse pull headgear used for burn management. Schneider, P.E. 351
Splinting best treatment for commissural burns. Donly, K.J. et al. 344

C

CADMIUM

- Cadmium concentration in dental caries. Havlik, J. et al. 479

CALCITRIOL

- Sounds fishy, but it gets rid of scales. Adler, V. 421

CALCIUM

- Pathophysiology and nonspecific treatment for osteoporosis. Wakley, G.K. et al. 74

CALCIUM HYDROXIDE

- Success rate 80% with partial pulpotomy, capping. Schroder, U. et al. 118
Two coats of visible light-cured liner needed. Gwinnett, A.J. 323

CALCIUM SULFATE

- Effective alternatives to improved dental stone. Bailey, J.H. et al. 373

CANADA

- Health habits of US and Canadian adults compared. Schoenborn, C.A. et al. 613

CANCER *see* NEOPLASMS

CANDIDA ALBICANS

- Denture infection rapid after contamination. Wendt, S. et al. 206

CANDIDIASIS, ORAL

- Hope for resolution of Candida lesions. Allen, C.M. et al. 640
Is candidal infection a sign of HIV infection? Syrjanen, S. et al. 208
Model system works for in vitro peptide testing for denture stomatitis. Santarpia, R.P. et al. 608
Oral yeast infections caused by Candida. Swenson, H.M. 63

- CAPITAL PUNISHMENT *see also* DEATH; HOMICIDE**
Troubled minds. Raeburn, P. 308

CARCINOMA, OAT CELL

- Small cell carcinoma manifests in paralysis. Shalowitz, J.I. et al. 463

CARCINOMA, SQUAMOUS CELL

- Early invasive squamous cell carcinoma analyzed. Hasegawa, D. et al. 491

- Intraosseous carcinoma originating from reduced enamel epithelium. Sliotweg, P.J. 348

CARIOGENIC AGENTS

- Above-optimal fluoridation associated with fluorosis and high rate of caries. Mann, J. et al. 45

CARPAL TUNNEL SYNDROME

- Carpal tunnel syndrome: a condition affecting many dental hygienists. Huntley, D.E. et al. 585

CELL MEMBRANE

- Killer cells insert pore-forming protein in target cell membrane. Young, J.D. et al. 219

CELL TRANSFORMATION, NEOPLASTIC

- Malignant transformation in oral leukoplakia. Lind, P.O. 147

CELLULITIS

- A case of facial cellulitis discussed. Markle, P. et al. 455
Dens invaginatus causes complications. Rakes, G.M. et al. 351

CELLULOSE

- A SEM-based assessment of casting ring liners. Naylor, W.P. et al. 156

CEMENT

- Nuclear wastebasket. Baker, S. 308

CEMENTATION

- Evaluation of glass ionomer cements used in orthodontics. Mizrahi, E. 486
Literature review shows good cementation needed for proper crown seating. Pilo, R. et al. 467

CEMENTOMA

- Maintaining pulp vitality after cementoma removal. Stabholz, A. et al. 173

CEPHALOMETRY

- Frankfort horizontal line more accurate for jaw positioning. Ellis, E., III et al. 548
Lip strain can predict treatment effect. Denis, K.L. et al. 95

CERAMICS

- All-ceramic fixed partial denture not strong enough for generalized usage. Campbell, S.D. et al. 375
Comparison of marginal fit for three cast ceramic crown systems. Schaefer, P. et al. 432
Glass-ceramics can be effective for select posterior restorations. Malament, K.A. 625
Metal and ceramic shear bond strengths compared. Gwinnett, A.J. 378
A SEM-based assessment of casting ring liners. Naylor, W.P. et al. 156

CHEEK

- Cheek pressure and facial morphology. Ingervall, B. et al. 317

CHEETAHS

- Survival of the fastest. Burnham, L. 196

CHEILITIS, EXFOLIATIVE

- Exfoliative cheilitis. Postlethwaite, K.R. et al. 510

CHILD

- Child's consent may be required for treatment. Rozovsky, L.E. 528
Childhood cancer patients may need long term orthodontic followup. Maguire, A. et al. 90
Kid power. 420
Predicting behavior of disabled children in the dental office. Udin, R.D. 423
Reliability of screening for salivary lactobacilli and yeast caries. Pienihakkinen, K. et al. 32

CHILD ABUSE

- Practical guidance in suspected child abuse. Konvalinka, K.R. 306

CHIN

- Genioplasty improves profile in black patients. Connor, A.M. et al. 234

CHINA

- C-shaped root canals common in second molars in Chinese population. Yang, Z.P. et al. 593

CHLORHEXIDINE

- Better compliance with 0.1% chlorhexidine for postoperative use. Hepso, H.U. et al. 380
Chlorhexidine mouthrinses used for management of gingivitis in children. de la Rosa, M. et al. 496
Chlorhexidine selectively affects taste sensitivity. Lang, N.P. et al. 266
Effects of chlorhexidine rinse on oral health of an elderly population. Yanover, L. et al. 609

CHLORIDES

- Dirty duo. Troiano, L. 309

CHOLECYSTOKININ

- Eating like a pig. Byrne, G. 533

CITRATES

- Moderate citrate level reduces acidogenicity of sugar-based drinks. Duke, S.A. et al. 316

CITRIC ACID

- Citric acid, fibronectin with flap therapy aids attachment in humans. Caffesse, R.G. et al. 641
Lateral sliding flap results not enhanced by citric acid treatment. Caffesse, R.G. et al. 211

CLEFT LIP

- Nasal air flow in cleft patients improved by maxillary advancement. Gotzried, H.F. et al. 380

CLEFT PALATE

- Nasal air flow in cleft patients improved by maxillary advancement. Gotzried, H.F. et al. 380
Postoperative case of compartment syndrome. Beadnell, S.W. et al. 345

CLEFTS

- Two cases of oblique lateral oro-ocular facial clefts presented. Ranta, R. et al. 516

CLINICAL COMPETENCE

- Global judgment improves expert's ratings of clinical performance. Littlefield, J.H. et al. 192
Understanding and acting on deficient residents. Assael, L.A. 192

CLINICAL TRIALS

- Analysis of clinical trial results must control for variability among patients. Osborn, J. 102

CLOTHING

- Designer genes. 85

COCAINE

- Scientists must study all stimulant abuse, not only recent cocaine epidemic. Gawin, F.H. et al. 498

COGNITION DISORDERS

- Planning treatment for the cognitively impaired. Gordon, S.R. 582

COLIC

- Driving away colic. Troiano, L. et al. 309

COLLAGEN

- Microfibrillar collagen barrier investigated. Tanner, M.G. et al. 610
Periodontal ligament collagen fibrils show no shrinkage with age. Luder, H.U. et al. 320

COLOR

- Color and illusion: using tints. Larson, T.D. et al. 177
Red power. Legwood, G. 421
Snail of a different color. Burnham, L. 588
Some nail polishes affect pulse oximetry. Cote, C.J. et al. 535

COMIC BOOKS

- Superconducting heroes. Corcoran, E. 477

COMMUNICABLE DISEASE CONTROL *see also* CROSS INFECTION; OCCUPATIONAL DISEASES

- AIDS and history. Brandt, A.M. 387
Demonstration of spread of patient spatter. Molinari, J.A. et al. 188

ETIDOCAINE
 Flurbiprofen/etidocaine superior to standard anesthesia/analgesia. Dionne, R.A. 38

ETRETIN see RO 10-1670

EUGENOL
 Antibacterial effects of oils used in dentistry. Meeker, H.G. et al. 202

EVALUATION STUDIES
 Patient evaluations are effective marketing tool. Kress, G.C. et al. 134
 Rating reliability in sealant evaluation. Daniel, S.J. et al. 26
 Wide gap between what is taught in dental schools and what is practiced. Morris, A.L. et al. 139

EVOLUTION
 New theory makes monkeys of us. Benditt, J. 253

EXERCISE
 A new wrinkle in fitness. Penny, S. 532
 A study of heart disease and activity in men. Donahue, R.P. et al. 498
 Too much of a good thing. McGuire, R. 588
 Walking can be safe, effective exercise. Rippe, J.M. et al. 444

EXPERIMENTS
 Controlling errors in experiments. O'Brien, P.C. et al. 643

EXPERT TESTIMONY
 The whole truth. 420

EYE INJURIES
 Case of eye injury from orthodontic headgear. Booth-Mason, S. et al. 516

EYE PROTECTIVE DEVICES
 Marcus Gunn patients require eye protection during dental procedures. Brooks, J.K. 185

EYEGASSES see also CONTACT LENSES
 Effect of sunglasses can vary with shape, size, and wearing position. Rosenthal, F.S. et al. 217
 Magnification devices for presbyopic dentists. Woo, G.C. et al. 512

F

FACE
 Two cases of oblique lateral oro-ocular facial clefts presented. Ranta, R. et al. 516

FACIAL PAIN see also PAIN, INTRACTABLE
 A case of facial cellulitis discussed. Markle, P. et al. 455
 Long term effects of clicking and pain in temporomandibular joint. Brooke, R.I. et al. 493
 Muscle relaxation for treatment of myofascial pain dysfunction. Miller, C.S. et al. 327
 Tricyclic antidepressant caution for chronic pain. Hersch, E.V. 10

Diagnosis
 Orofacial diagnoses require knowledge of orofacial pain. Pertes, R. 619

Etiology
 Facial pain caused by myasthenia gravis. Lloyd, J.M. et al. 568
 Facial pain may be an early sign of central nervous system disease. Greenwald, A.M. et al. 625
 Orofacial diagnoses require knowledge of orofacial pain. Pertes, R. 619

Therapy
 Reducing EMG activity does not lower pain in myofascial dysfunction. Burdette, B.H. et al. 646

FACULTY, DENTAL
 Student perceptions of faculty positions. Hawkins, C.H. et al. 82

FAMILY
 A case study of homeless families. Bassuk, E.L. et al. 501
 Family counseling aids TMJ dysfunction therapy. Boll, P.G. et al. 356
 Family violence charges high price for Americans. Straus, M. et al. 162

FASCIITIS
 Intravascular fasciitis located intraorally. Kahn, M.A. et al. 68

FATIGUE
 Jaw fatigue indicator of TMJ dysfunction. Wanman, A. et al. 213

FATS
 The zero calorie doughnut. 364

FEAR
 Dentist's behavior key in management of maladaptive denture patients. Friedman, N. et al. 299
 Fearfulness in child patients not caused by dentist behavior. Horst, G. et al. 30
 Patients suffering from dental anxiety exhibit common personality traits. Schuur, A.H. 315
 Psychologic treatment for the anxious patient. Pawlicki, R. 184

FEES, DENTAL
 Contracts with compromise. Howard, W.W. 559
 Extended payment plans erode orthodontic fees. Farnum, B. 632

FENTANYL
 Nalbuphine and fentanyl comparison conducted. Dolan, E.A. et al. 478

FERRIC OXALATE
 Aluminum oxalate dentin conditioning compares with ferric oxalate. Gwinnett, A.J. 378

FEVER OF UNKNOWN ORIGIN
 Odontogenic reasons for fevers in patients using mechanical ventilation. Gordon, M.A. et al. 409

FIBER OPTICS
 It's in the blood. Horgan, J. 252

FIBRINOLYSIS
 Tranexamic acid not detected after oral dose. Sindet-Pedersen, S. 210

FIBROBLASTS
 Fibroblastic origin of secondary dentin likely. Foreman, P.C. et al. 366

FIBROMATOSIS GINGIVAE
 Cases of idiopathic gingival fibromatosis studied and treated. Javid, B. et al. 574

FIBRONECTIN
 Citric acid, fibronectin with flap therapy aids attachment in humans. Caffesse, R.G. et al. 641

FIBROUS DYSPLASIA OF BONE
 Fibrous dysplasia of jaw bones poorly understood. McCoy, J.M. et al. 12

FILTRATION
 Stainless steel best filter for intraoral source radiography. Hayakawa, Y. et al. 151

FINANCIAL MANAGEMENT see also BANKRUPTCY
 Future security. 533
 Managing your debt. Sutherland, P.H. 333
 Planning to retire early. Drucker, D.J. 614

FINGERPRINTS, DNA
 DNA fingerprinting helps in identifying criminals. Merz, B. 443

FINGERS
 Radiography
 Three-fingers method of skeletal age assessment clinically acceptable. Heloiaio, R.L. et al. 155

FINLAND
 Swedes and Finns give views of dental training. Widstrom,

E. et al. 473

FIREARMS
 Firearms, alcohol, and suicide rate in Alaska. Hlady, W.G. et al. 272

FIRES
 South leads fire stats. 28
 What's in a flame. McKenzie, A. 309

FISH OILS
 Sounds fishy, but it gets rid of scales. Adler, V. 421

FISHES
 Friendly fishermen. 141

FLAGS
 Long may she wave. Benditt, J. 364

FLAKE MANEUVER
 The Flake maneuver. Gurny, O. 309

FLAME
 What's in a flame. McKenzie, A. 309

FLOW CHARACTERISTICS
 Flow characteristic differences between gutta-percha batches. Tagger, M. et al. 372

FLUORIDATION
 Dental fluorosis caused by overfluoridation. Osuji, O.O. et al. 345
 Developing countries should test fluoridation before adopting method. Jackson, D. 536
 Fluoridation accident and its effects on community. Petersen, L.R. et al. 499
 School NaF mouthrinse programs alternative to water fluoridation. Manau, C. et al. 199

FLUORIDES
 Dentifrice with high fluoride investigated. Fogels, H.R. et al. 482
 Effects of dietary and nondietary fluoride intake of young children. Ophaug, R. et al. 201
 Fluoride incorporated into removable appliance. Miethke, R.R. et al. 634
 Fluoride release of glass ionomer tested. Muzynski, B.L. et al. 536
 Long term effect of fluoride rinse on plaque. McHugh, W.D. et al. 481
 Long term fluoride release tested in composite restorative. Temin, S.C. et al. 596

Adverse Effects
 Above-optimal fluoridation associated with fluorosis and high rate of caries. Mann, J. et al. 45
 Fluoridation accident and its effects on community. Petersen, L.R. et al. 499

FLUORIDES, TOPICAL
 APF foam tested. Wei, S.H. et al. 537
 Comparison of varnishes for caries prevention. Clark, D.C. et al. 144
 Fluoride levels in saliva and plaque after using mouthwash studied. Duckworth, R.M. et al. 254
 Fluoride rinse reduces decalcification during orthodontic therapy. Geiger, A.M. et al. 259
 Fluoride solution and its effects on enamel remineralization. Seppa, L. 595
 School-based fluoride programs studied for caries prevention. Haugejorden, O. 316
 School NaF mouthrinse programs alternative to water fluoridation. Manau, C. et al. 199

FLURBIPROFEN
 Flurbiprofen/etidocaine superior to standard anesthesia/analgesia. Dionne, R.A. 38
 Topical flurbiprofen successful in trials with animal subjects. Williams, R.C. et al. 546

FOLKLORE
 Tooth fairy gives raises. 365

FOLLOW-UP see AFTER CARE
FOOD see also DIET; INFANT FOOD; NUTRITION
 Faster is better. Barnett, R. 309
 Kid power. 420
 Mood food. Maas, R. 28

FOOD, FORMULATED
 The zero calorie doughnut. 364

FOREIGN BODIES
 Cases of swallowed dental objects. Green, J.G. et al. 621
 Recommendation for use of conventional partial denture: a case report. Nimmo, S.S. et al. 511

FORENSIC DENTISTRY
 Disaster team identifies victims of airplane crash. Warwick, A.J. 10

FORMOCRESOLS
 Controlled released antiseptic tested. Barnett, T.L. et al. 377

FOSSILS

- Colossal fossils. Beardsley, T.M. 364
FRACTURE FIXATION, INTERNAL
 A review of the mandibular staple. Small, I.A. 627

FRACTURES

- Effects of DBM in bone defects studied in rabbits. Aspenberg, P. et al. 637

FRAUD

- Fraud fighters. Conley, J.F. 335

FREEZING

- Frozen intolerance. McCarthy, P. 533

FUR

- Bearing the cold. Mirsky, S.D. 253

G

GAGGING

- Hypnosis used to aid patient with gag reflex. Clarke, J.H. et al. 355
 Nitrous oxide effective control for gag reflex. Kaufman, E. et al. 545
 Relaxation techniques aid in cases of gagging during impression taking. Muir, J.D. et al. 581

GARLIC

- Strong breath, strong body. Cobb, K. 84

GASTROINTESTINAL DISEASES

- The fingerprint connection. Dale, M. 252

GENDER IDENTITY

- Parental gender bender. Bozzi, V. 477

GENETICALLY TRANSMITTED DISEASES

- Sight insight. Merz, B. 589

GENTAMICINS

- Antibiotic regimens for prophylaxis against infective endocarditis. Green, J.G. et al. 341

GERIATRIC DENTISTRY *see also AGED*

- Dental students learn complexity of aging. Tillman, H.H. 193
 Dental training and care needs in geriatric dentistry not uniform. Ettlinger, R.L. 193
 Geriatric dentistry program gives students first-hand knowledge. Saunders, R.H. et al. 473

GIANT CELL TUMORS

- Giant cell tumors and central granulomas of jaw: disease processes. Auclair, P.L. et al. 642

GINGIVA

- Deep connective tissue grafts unlikely to yield genuine attached gingiva. Ouhayoun, J.P. et al. 437
 NaCl irrigating solution causes gingiva injuries. Herrin, J.R. et al. 153

Physiology

- Differences in bleeding and nonbleeding gingiva. Caton, J.G. et al. 259

Surgery

- Indication, technique for free gingival graft. Epstein, S.R. 519
 Microfibrillar collagen barrier investigated. Tanner, M.G. et al. 610
 Reconstructive surgery for amalgam tattoo. Shiloah, J. et al. 513

GINGIVAL DISEASES

- Molars introduce bias in partial mouth recording. Silness, J. et al. 383

GINGIVAL HYPERPLASIA

- Cyclosporine-induced gingival overgrowth. Bartold, P.M. 347

GINGIVAL RECESSION

- Lateral sliding flap results not enhanced by citric acid treatment. Caffesse, R.G. et al. 211
 Overcontoured crown repair made easy. Fitzg, S. et al. 128
 Restorative periodontal procedures illustrate periodontal esthetics. Karsten, R.H. et al. 239

GINGIVITIS

- Gingival inflammation affected by width of keratinized gingiva. Stetler, K.J. et al. 44
 No correlation between age and development of experimental gingivitis. Winkel, E.G. et al. 98

Drug Therapy

- Chlorhexidine mouthrinses used for management of gingivitis in children. de la Rosa, M. et al. 496

Prevention & Control

- Minimal antigingivitis, antiplaque effects of two mouthrinses compared. Gusberti, F.A. et al. 328

Therapy

- Steroid therapy used for desquamative gingivitis. Lamey, P.J. et al. 555

GINGIVITIS, NECROTIZING ULCERATIVE

- Infection control for HIV-positive patients. Beckelheimer, R.G. et al. 133

GINGIVOPLASTY

- Free gingival graft root coverage requires attention to detail. Miller, P.D., Jr. 72

GLACIATION

- The big chill. Kerr, R.A. 588

GLASS

- Glass-ceramics can be effective for select posterior restorations. Malament, K.A. 625

GLASS IONOMER CEMENTS

- Combination of materials provides the "ideal" posterior restoration. Kanca, J., III. 626

- Coronal buildup using glass-cermet cement. Bass, E.V. et al. 174

- Evaluation of glass ionomer cements used in orthodontics. Mizrahi, E. 486

- Factors affecting bond strength of restorations. Welbury, R.R. et al. 640

- Fluoride release of glass ionomer tested. Muzynski, B.L. et al. 536

- Glass ionomer cements acceptable restorations in elderly populations. Mount, G.J. 624

- Glass ionomer cements as restoration liners. Phair, C.B. 603

- Glass ionomer cements differ in microleakage from Class V preparations. Cooley, R.L. et al. 376

- Glass ionomer core needs to be reinforced when entire crown is removed. Taleghani, M. et al. 263

- Placement of preventive ionomer restorations. Garcia-Godoy, F. 570

- Pre-treatment build-up for posterior teeth. Bass, E.V. et al. 289

- Study of microleakage of restorative material. Powis, D.R. et al. 487

GLOVES, SURGICAL

- Gloves are needed for the protection of both dentist and patient. Palenik, C.J. et al. 189

- How patients view use of protective gloves. Uldricks, J.M. et al. 471

- Surgical gloves can ensure the safety of dentist and patient. Caloz, M. 79

- Washed vinyl gloves protect against adhesives. Afsahi, S.P. et al. 260

Adverse Effects

- Electric pulp tests with examination gloves. Kolbinson, D.A. 264

GLUCOSE

- Only from the mind. Friedman, R. 420

GOATS

- Greedy goats. 141

GOLD

- Bonding techniques for porcelain and gold. Andreasen, G.F. et al. 349

GOLD ALLOYS

- High gold alloys show least penetration in interface testing. Chambliss, L.S. et al. 638

- Performance of low gold casting alloys compared. Sturdevant, J.R. et al. 262

GRANULOMA, GIANT CELL

- Giant cell tumors and central granulomas of jaw: disease processes. Auclair, P.L. et al. 642

- Treatment of a central giant cell granuloma. Glickman, G.N. 510

GREAT BRITAIN

- Reducing progression of caries in British children. Ekanayake, L.S. et al. 87

GREECE

- Greedy goats. 141

GREENHOUSE EFFECT

- The heat is on. Beardsley, T. 477

GROUP PRACTICE

- Group practices move into higher income brackets. Anderson, P.E. 248

GUINEA PIGS

- Move over Fido. Hall, M.P. 476

GUTTA-PERCHA

- Comparison of standard and custom cones used in flat and round canals. Metzger, Z. et al. 601

- Flow characteristic differences between gutta-percha batches. Tagger, M. et al. 372

- Study of effects of preparations on single cone obturations. Beatty, R.G. 149

- Update on gutta-percha/eucapercha obturation materials. Morse, D.R. et al. 5

H

HABITS

- Black stains linked to combination of factors. Schuurs, A.H. et al. 67

- Health habits of US and Canadian adults compared. Schoenborn, C.A. et al. 613

HALLUCINATIONS

- Who you gonna call. Maurer, A. 253

HAMARTOMA

- Rare hamartoma on fornix of vestibule. Perri de Carvalho, A.C. et al. 69

HANDEDNESS

- Out in left field. 589

HARDNESS

- Hardness of hand cutting instruments analyzed. Geaman, J.R. et al. 36

HARDWARE, COMPUTER

- Computer hardware. Kogon, D.M. 310

HAZARDOUS SUBSTANCES

- Dental system promotes safe mercury hygiene. Barkhordar, R. et al. 92

- An ounce of prevention. Giangregg, E. 615

HAZARDOUS WASTE

- Nuclear wastebasket. Baker, S. 308

HEAD AND NECK NEOPLASMS

- Dental care of cancer patients. King, G.E. et al. 525

- Radiation therapy and related dental problems. Johnson, J.F. 185

- Treatment of head and neck cancer patients. Jacob, R.F. et al. 523

HEADACHE

- No link found between aspartame and headache in placebo study. Schiffman, S.S. et al. 47

HEALTH BEHAVIOR

- Health habits of US and Canadian adults compared. Schoenborn, C.A. et al. 613

HEALTH EDUCATION, DENTAL

- School-based fluoride programs studied for caries prevention. Haugejorden, O. 316

HEALTH LAW

- Health law should be integrated into dental school curriculum. 590

HEALTH SERVICES ACCESSIBILITY

- Access to oral health care is a problem in need of research. Nielsen-Thompson, N. 187

- HEART DISEASES *see also* CORONARY DISEASE
 A study of heart disease and activity in men. Donahue, R.P. et al. 498

HEAT *see also* TEMPERATURE

- Accurate mathematical model for convective heat transfer coefficient. Spierings, D. et al. 42

- Review and case report on dental electrosurgery. Hall, H.D. et al. 567

HEATING SYSTEMS

- Heated debate. Lewin, D.I. 421

HEMANGIOMA

- Hemangioma of the tongue. Beckelheimer, R.G. et al. 340

HEMARTHROSIS

- Rare case of open bite from hemarthrosis. Hes, J. et al. 469

HEMATOPOIESIS

- Mandibular metastases preceded by hemopoiesis. Hashimoto, N. et al. 97

HEPATITIS A

- Herpes viruses and hepatitis A reviewed. Fagan, E.A. et al. 178

HEPATITIS B

- Dental school AIDS policies surveyed. Monsour, P.A. et al. 249

- Hepatitis B vaccine use among US dentists. Echavez, M.I. et al. 23

- Team effort required for infection control. 78

HERPES SIMPLEX

- Herpes viruses and hepatitis A reviewed. Fagan, E.A. et al. 178

- Review on treatment of orofacial herpes virus with use of acyclovir. Perna, J.J. et al. 512

HIP PROSTHESIS

- Replace replacement surgery. 365

HISPANIC AMERICANS

- Communication: language barriers in practices. Jaksha, S. 246

HISTIOCYTOSIS X

- Diagnosing histiocytosis. Shaw, L. et al. 465

HISTORY OF DENTISTRY

- Ancient contributions to modern dentistry. Will, R. 104
Potions and lotions. Croll, T.P. 334
Toothpuller is an important piece of dentistry artwork. Moskow, B.S. 275

HIV

- HIV-2 not seen as threat. Marwick, C. 330
Transmission of HIV to female partners. Ragni, M.V. et al. 332

HIV SEROPOSITIVITY

- Transmission of HIV to female partners. Ragni, M.V. et al. 332

Complications

LIABILITY see PRODUCT LIABILITY LAWS

LICENSEURE

- The bottom line on "reciprocity". Tillis, B.P. 448

LICHEN PLANUS

- Lichen planus and periodontal surgery. Katz, J. et al. 406

- Review of manifestations of oral lichen planus. Brown, F.H. et al. 453

LIFE CHANGE EVENTS see also STRESS, PSYCHOLOGICAL

- Memory equality. Roberts, M. 533

LIFE EXPECTANCY

- Paper lifesaver. 533

LIGAMENTS, ARTICULAR

- Lateral capsular ligament reconstruction allows unrestricted flex function. Feinberg, S.E. et al. 231

LIGHT

- Light-cured resins work for adult posterior teeth. Sturdevant, J.R. et al. 605

LINGUISTICS

- Is it really a pen? Grant, E. 252

LIP

- Lip strain can predict treatment effect. Denis, K.L. et al. 95

- Reverse pull headgear used for burn management. Schneider, P.E. 351

- Splinting best treatment for commissural burns. Donly, K.J. et al. 344

LIP NEOPLASMS

- Case of granular cell lip tumors in 6-year-old. Felsenfeld, R.B. et al. 573

LIPOPOLYSACCHARIDES

- Polysaccharide varies among periodontally involved teeth. Maidwell-Smith, M. et al. 43

LONELINESS

- The price of success. Gallagher, W. 308

LONG TERM CARE

- Long term care housing: factors influencing oral health for the elderly. MacEntee, M.I. et al. 258

LUMINESCENCE

- Laser luminescence for caries detection appears promising. Angmar-Mansson, B. et al. 88

T LYMPHOCYTES

- T-lymphocyte population in periapical lesions. Barkhordar, R.A. et al. 483

LYMPHOMA, NON-HODGKIN'S

- Case of blastic lymphoma of hard palate mucosa in AIDS patient reported. Ibrahim, J.S. et al. 405

M

MAGNETIC RESONANCE IMAGING

- TMJ studied with high field strength coil magnetic resonance. Schellhas, K.P. et al. 546

MAGNETICS

- Magnetically retained overdentures: a choice in alternative treatment. Gendusa, N.J. 408

MAGNIFICATION

- Magnification devices for presbyopic dentists. Woo, G.C. et al. 512

MAINTENANCE

- Ways to improve instrument sharpening. Marquam, B.J. 574

MALOCCLUSION

- Associations between TMJ symptoms and occlusion. Riolo, M.L. et al. 158

- Complementary methods of incisor space analysis. Harris, E.F. et al. 70

- Malocclusion treatment for patients with MD. Leinbach, T.E. 131

- Occlusal interference stimulates remodeling in mandibular condyles. Gazit, D. et al. 146

Etiology

- Association between bottle-feeding and malocclusion not found. Meyers, A. et al. 265

Therapy

- Adaptable occlusal scheme for internal derangement. Young, J.L. 243

- Childhood treatment of crossbite with fixed appliance combination. Frey, C.J. et al. 518

MALOCCLUSION, ANGLE CLASS I

- Frankfort horizontal line more accurate for jaw positioning. Ellis, E. III et al. 548

MALOCCLUSION, ANGLE CLASS II

- Genioplasty improves profile in black patients. Connor, A.M. et al. 234

Therapy

- Factors complicating Class II prosthetics. Curtis, T.A. et al. 627

MALOCCLUSION, ANGLE CLASS III

- Genioplasty improves profile in black patients. Connor, A.M. et al. 234

MALPRACTICE see also RISK MANAGEMENT

- High risk of TMJ pain dysfunction syndrome malpractice claims. Marbach, J.J. 77

- Informed consent important to dental practitioners. Stone, C.R. et al. 246

- Patients who complain about previous dentists. Burnidge, G.D. 361

MANDIBLE see also JAW

- Case of ameloblastic fibrosarcoma of the right mandible described. Yamamoto, H. et al. 235

- Genioplasty used to correct chin deformities. Nishioka, G.J. et al. 269

- Impression technique for patients with severe ridged resorption in the mandible. Callison, G.M. 408

- Psychologically impaired craniomandibular pain. Deardorff, W.W. et al. 18

- Review and case of oral tuberculous osteomyelitis. Wood, R.E. et al. 232

- A review of the mandibular staple. Small, I.A. 627

- Study shows course of inferior dental canal. Heasman, P.A. 313

Surgery

- Patients satisfied with mandible reconstruction. Vanasche, B.J. et al. 550

- Successful mandibular third molar transplant in a 61-year-old patient. Conklin, W.W. 11

MANDIBULAR CONDYLE

- Mandibular asymmetry often caused by previous condylar fracture. Crouch, D.L. 180

- Occlusal interference stimulates remodeling in mandibular condyles. Gazit, D. et al. 146

- Osteotomy described. Norman, J.E. et al. 526

MANDIBULAR FORAMEN

- The mandibular foramen: positioning statistics. Hetson, G. et al. 198

MANDIBULAR FRACTURES

- Fractures in edentulous and dentulous patients. Amaratunga, N.A. 313

- Mandibular asymmetry often caused by previous condylar fracture. Crouch, D.L. 180

MANDIBULAR NEOPLASMS

- Mandibular metastases preceded by hemopoiesis. Hashimoto, N. et al. 97

- Report of a radiolucent radiopaque mandibular mass. Chuong, R. et al. 465

- Treatment of a central giant cell granuloma. Glickman, G.N. 510

MANDIBULAR NERVE

- Genioplasty used to correct chin deformities. Nishioka, G.J. et al. 269

MARCUS GUNN PHENOMENON

- Marcus Gunn patients require eye protection during dental procedures. Brooks, J.K. 185

MARKETING see also ADVERTISING

- Stop smoking programs can build a practice. Cooper, T.M. et al. 191

MARKETING OF HEALTH SERVICES see also ADVERTISING

- Creating a marketing plan for your practice. Anvar, R.H. 135

- Creative financing as a marketing tool. Combs, H.R. 361

- Developing a practice philosophy and mission. Sorenson, C.M. 311

- Don't get hung up on semantics. Hale, D. 392

- Help in selecting the best location. Davis, M.E. 245

- Market study helpful in practice location choice. Strausser, M.J. 245

- Patient evaluations are effective marketing tool. Kress, G.C. et al. 134

- Potions and lotions. Croll, T.P. 334

- Set your practice apart. Levey, B. 361

MARRIAGE

- Marriage improves cancer diagnosis, survival rates. Goodwin, J.S. et al. 161

MASSAGE

- Get the massage. Higdon, H. 84

MASSETER MUSCLE

- Link between tenderness and acupuncture points in masseter muscles. List, T. et al. 634

- MASSON'S LESION see ANGIOMATOSIS, INTRA-VASCULAR

MAXILLA see also JAW

- Fibrous dysplasia of jaw bones poorly understood. McCoy, J.M. et al. 12

- New technique for palatally impacted canines. Smukler, H. et al. 12

MAXILLARY SURGERY

- Superior repositioning of the maxilla may result in TMJ complications. Kahnberg, K.E. 647

MAXILLOFACIAL DEVELOPMENT

- Cases of otitis media with effusion treated craniomandibularly. Marasa, F.K. et al. 527

- Cheek pressure and facial morphology. Ingervall, B. et al. 317

- Mandibular asymmetry often caused by previous condylar fracture. Crouch, D.L. 180

- More studies needed on best way to treat facial trauma worldwide. Laskin, D.M. et al. 611

MAXILLONASAL DYSPLASIA

- Etiologic heterogeneity in Binder's syndrome. Olow-Nordenram, M. et al. 317

MEDICAL RECORDS

- Information alert. McCleary, K. 532

MEDICINE

- Glasnost brings change to Soviet medicine. Roucek, L. et al. 161

MEDICINE IN ART

- Toothpuller is an important piece of dentistry artwork. Moskow, B.S. 275

MELANOACANTHOMA

- Reversible melanocytic hyperplasia reported. Wright, J.M. 236

MELANOMA

- Cancer answer. Horgan, J. 476

MEMORY

- Memory equality. Roberts, M. 533

- Where were you on the night. Rubin, J. 421

MENTAL DISORDERS

SCHOOLS, DENTAL (by name)

University of Florida

University of Florida graduates' orthodontic clinical experience. Keeling, S.D. 530

SCHOOLS, MEDICAL (by name)

Harvard University

Harvard sets guidelines for research publishing. Culliton, B. 557

SELECT

Recruiting dentists is critical to a strong profession. Patterson, J.F. 195

SEPTICEMIA *see also* BACTERIAL INFECTIONS

Bacteremia after removal of intraoral sutures. King, R.C. et al. 207

SEXUALLY TRANSMITTED DISEASES

AIDS and history. Brandt, A.M. 387

SEZARY SYNDROME

A case of Sezary's syndrome with intraoral involvement described. Kuhn, B.S. et al. 404

SHEARSON LEHMAN BROS.

When E.F. Hutton talks. 85

SHOCK, SURGICAL

Prevention & Control

Trendelenburg posture: evolution and evaluation. Wilcox, S. et al. 556

SIALORRHEA

Surgical treatment useful for sialorrhea. Fear, D.W. et al. 573

SICKLE CELL TRAIT

Management of children with sickle cell anemia. Demas, D.C. et al. 583

SILICONE ELASTOMERS

Plastic cap used for better impression taking. Fitzg, S. et al. 241

SKIN

Skin saver. Fortino, D. 140

SKIN TESTS

Reducing risk from adverse reactions to local anesthetic. Shapiro, J. et al. 61

SLEEP

Healthy dreams. 588

SLEEP APNEA SYNDROMES

Correcting obstructive sleep apnea using a repositioning device. Bernstein, A.K. et al. 406

SMELL

Scents-ability. 140

SMOKE

Up in smoke. Rinzler, C.A. 253

Smoking *see also* NICOTINE; TOBACCO; SMOKELESS

Stomping smoking programs can build a practice. Cooper, T.M. et al. 191

SNAILS

Snail of a different color. Burnham, L. 588

SOCIAL PERCEPTION

Student: perceptions of faculty positions. Hawkins, C.H. et al. 82

SOCIAL SECURITY

Future security. 533

SOCIOECONOMIC FACTORS

Those poor folks in Beverly Hills. 140

SODIUM

Dirty duo. Troiano, L. 306

SODIUM CHLORIDE

Dirty duo. Troiano, L. 309

NaCl irrigating solution causes gingiva injuries. Herrin, J.R. et al. 153

SODIUM HYPOCHLORITE

Synergism between ultrasound and 4% NaOCl solution. Cameron, J.A. 91

SOFTWARE see also COMPUTER SYSTEMS

Computerized teaching of TMJ dysfunctions. Bagnall, R.D. et al. 358

SOLAR ENERGY

Bearing the cold. Mirsky, S.D. 253

SOMATOFORM DISORDERS see also PSYCHO-PHYSIOLOGIC DISORDERS

Patients at risk for unnecessary TMJ surgery. Marciani, R.D. et al. 44

SPACE MAINTENANCE

Complementary methods of incisor space analysis. Harris, E.F. et al. 70

Custom acrylic retainer for endodontic isolation. Teplitsky, P.E. 288

SPIROCHAETALES

Attachment loss reversal associated with absence of spirochetes/motile forms. Zappa, U.E. et al. 326

SPLINTS

Nonoccluding splints effective for MPD. Rubinoff, M.S. et al. 158

Reverse pull headgear used for burn management. Schneider, P.E. 351

Soft occlusal splints for temporary treatment and TMJ diagnosis. Harkins, S. et al. 215

Splinting best treatment for commissural burns. Donly, K.J. et al. 344

TMJ force reactions vary. dos Santos, J. et al. 385

SPORTS

The effects of sport drink on molars studied. Sorvari, R. et al. 538

Steroid use by athletes. 332

SPORTS MEDICINE

Get the massage. Higdon, H. 84

STAINLESS STEEL

Stainless steel best filter for intraoral source radiography. Hayakawa, Y. et al. 151

STAINS AND STAINING

Air-powder abrasive system effective in removing stains. Orton, G.S. 32

Staining potential of composites compared. Luce, M.S. et al. 602

STAIRS

Stumble safeguard. Horgan, J. 589

STATISTICS

Controlling errors in experiments. O'Brien, P.C. et al. 643

Primer on error rates and multiple statistical tests. O'Brien, P.C. et al. 642

STERILIZATION

Autoclave performance evaluated in study. Scheutz, F. et al. 363

Band seater causes burn. Moore, R.N. et al. 349

Cassettes found safer, more efficient for ultrasonic cleaning. Miller, C.H. et al. 312

Infection control for HIV-positive patients. Beckelheimer, R.G. et al. 133

Infection control takes cooperation. Merritt, J.A. 135

Team effort required for infection control. 78

STEROIDS

Steroid therapy used for desquamative gingivitis. Lamey, P.J. et al. 555

Steroid use by athletes. 332

STIMULATION, CHEMICAL

Scientists must study all stimulant abuse, not only recent cocaine epidemic. Gawin, F.H. et al. 498

STOCK MARKET

Psychoanalyzing the market. 28

When E.F. Hutton talks. 85

STOMATITIS, DENTURE

Model system works for in vitro peptide testing for denture stomatitis. Santarpia, R.P. et al. 608

STORAGE

Nuclear nook. Horgan, J. 420

STRENGTH

Red power. Legwold, G. 421

STREPTOCOCCUS MUTANS

Advances in replacement therapy. Hillman, J.D. et al. 91

Long term effect of fluoride rinse on plaque. McHugh, W.D. et al. 481

Salivary antibodies to S mutans not protective against caries lesions. Riviere, G.R. et al. 143

STREPTOCOCCUS SANGUIS

Advances in replacement therapy. Hillman, J.D. et al. 91

STRESS DISORDERS, POST-TRAUMATIC

Prescription to paint. Horgan, J. 476

STRESS, MECHANICAL

All-ceramic fixed partial denture not strong enough for generalized usage. Campbell, S.D. et al. 375

Bone apposition absent after nontapping inset of screw-type implants. Satomi, K. et al. 369

Load transfer of fixed partial dentures tested. Standlee, J.P. et al. 496

New methods to analyze biophysical stress in teeth with restorations. Morin, D.L. et al. 382

Wear of restorative veneer material tested. Gallegos, L.I. et al. 604

STRESS, PSYCHOLOGICAL see also LIFE CHANGE EVENTS

Emotions can play a role in cancer prognosis. Smith, E. 444

Personal mental stress may induce silent myocardial ischemia. Rozanski, A. et al. 444

A stress success. 84

STUDENTS, DENTAL

Are crown evaluations rated with accuracy? Helft, M. et al. 138

Dental students learn complexity of aging. Tillman, H.H. 193

Recruiting dentists is critical to a strong profession. Patterson, J.F. 195

Student perceptions of faculty positions. Hawkins, C.H. et al. 82

SUBCUTANEOUS EMPHYSEMA

Caution advised with use of air polishing device for periodontal therapy. Finlayson, R.S. et al. 407

SUBLINGUAL GLAND

Rare location of sublingual glands. Moss-Salentijn, L. et al. 86

SUBSTANCE ABUSE

Bulimics and purgers report higher rates of alcohol, marijuana use. Killen, J.D. et al. 104

SUBSTANCE DEPENDENCE

Bulimics and purgers report higher rates of alcohol, marijuana use. Killen, J.D. et al. 104

Scientists must study all stimulant abuse, not only recent cocaine epidemic. Gawin, F.H. et al. 498

SUBURBAN POPULATION

The road most taken. 140

SUCCESS, CAREER

The price of success. Gallagher, W. 308

SUICIDE

Claims of increased suicide rate following TV films unsubstantiated. Phillips, D.P. et al. 47

Firearms, alcohol, and suicide rate in Alaska. Hlady, W.G. et al. 272

SUPERCONDUCTIVITY

Superconducting heroes. Corcoran, E. 477

SURFACE PROPERTIES

Chemomechanically treated and cut dentin compared. Emanuel, R. et al. 489

Finishing instruments show no differences in composite roughness. Pratten, D.H. et al. 600

Study of effect of postponed polishing on adaptation of resin. Hansen, E.K. et al. 541

SURGERY, OPERATIVE

Comparison of isoflurane and enflurane in recovery. Valanne, J.V. et al. 381

Comparison of monitors for pulse oximetry. Anderson, J.A. et al. 370

Patients at risk for unnecessary TMJ surgery. Marciani, R.D. et al. 44

Preoperative donation of autologous blood. Triplett, W.W. et al. 346

SURGERY, ORAL

Pregnant patients: dental and surgical management. Fiese, R. et al. 305

SURGICAL FLAPS

Citric acid, fibronectin with flap therapy aids attachment in humans. Caffesse, R.G. et al. 641

Indication, technique for free gingival graft. Epstein, S.R. 519

Lateral sliding flap results not enhanced by citric acid treatment. Caffesse, R.G. et al. 211

Middorsum tongue flap repairs palatal defect. Housego, T. et al. 292

al. 292

Reconstructive surgery for amalgam tattoo. Shiloah, J. et al. 513

Widman flap surgery and Keyes's approach compared. Whitehead, S.P. et al. 129

SURVIVAL

Marriage improves cancer diagnosis, survival rates. Goodwin, J.S. et al. 161

SUTURES

Bacteremia after removal of intraoral sutures. King, R.C. et al. 207

SWALLOWING

Cases of swallowed dental objects. Green, J.G. et al. 621

SWEDEN

Swedes and Finns give views of dental training. Widstrom, E. et al. 473

SWEETENING AGENTS

Mixed results in tests using lactitol sweetener.

Grenby, T.H. et al. 598

SWINE

Eating like a pig. Byrne, G. 533

SYPHILIS

AIDS and history. Brandt, A.M. 387

SYPHILIS, CONGENITAL

Middorsum tongue flap repairs palatal defect. Housego, T. et al. 292

SYRINGES

Syringes for endodontic treatment in primary teeth. Aylard, S.R. et al. 149

T

TASTE DISORDERS

Chlorhexidine selectively affects taste sensitivity. Lang, N.P. et al. 266

TATTOO, AMALGAM

Reconstructive surgery for amalgam tattoo. Shiloah, J. et al. 513

TAXES

Tax-sheltered plans may be good idea for self-employed dentists. Pasche, J.K. 105

TEACHING

Clinical instruction evaluated by students. Romberg, E. et al. 250

How teacher practices affect students' views on hygiene education. Amon, S.W. et al. 473

Personalized instruction. Schweitzer, K.L. et al. 81

TEDDYBEARS

Beary good news. 84

TELEVISION

Beware of your television. 28

Claims of increased suicide rate following TV films unsubstantiated. Phillips, D.P. et al. 47

Media fair to dentistry? Florentz, C. 46

TEMPERATURE see also HEAT

The heat is on. Beardsley, T. 477

TEMPOROMANDIBULAR JOINT

Cases of otitis media with effusion treated cranio-mandibularly. Marasa, F.K. et al. 527

Disk derangement of TMJ associated with loss of direction control in jaw. Isaacson, G. et al. 534

Factors relating to TMJ mobility: a review. Hesse, J.R. et al. 270

Local factors vital in altered joint mobility. Hesse, J.R. et al. 216

TMJ force reactions vary. dos Santos, J. et al. 385

Radiography

Review of radiographic techniques for TMJ study. Leary, J.M. et al. 525

TMJ studied with high field strength coil magnetic resonance. Schellhas, K.P. et al. 546

Surgery

Followup study of TMJ meniscectomies. Tolvanen, M. et al. 612

Lateral capsular ligament reconstruction allows unrestricted disc function. Feinberg, S.E. et al. 231

Patients at risk for unnecessary TMJ surgery. Marciani, R.D. et al. 44

Replacement of damaged interarticular disk of the TMJ recommended. Ioannides, C. et al. 646

TEMPOROMANDIBULAR JOINT DISEASES

Computerized teaching of TMJ dysfunctions. Bagnall, R.D. et al. 358

High rate of occlusal interferences in patients with no

- TMJ dysfunction. Agerberg, G. et al. 329
- Long term effects of clicking and pain in temporomandibular joint. Brooke, R.I. et al. 493
- Diagnosis**
- Associations between TMJ symptoms and occlusion. Riolo, M.L. et al. 158
- Doppler auscultation aids in TMJ diagnosis. Davidson, S.L. 635
- Jaw fatigue indicator of TMJ dysfunction. Wanman, A. et al. 213
- Temporomandibular joint scale works as standard for diagnosing syndrome. Levitt, S.R. et al. 437
- TMJ osteoarthritis: diagnostic subgroups. Pullinger, A.G. et al. 159
- Etiology**
- Nail biting and possible craniomandibular results. Westling, L. 411
- Superior repositioning of the maxilla may result in TMJ complications. Kahnberg, K.E. 647
- Surgery**
- Followup study of TMJ meniscectomies. Tolvanen, M. et al. 612
- Osteotomy described. Norman, J.E. et al. 526
- Therapy**
- Adaptable occlusal scheme for internal derangement. Young, J.L. 243
- Craniomandibular disorders can improve with lasers. Bezuur, N.J. et al. 439
- Family counseling aids TMJ dysfunction therapy. Boll, P.G. et al. 356
- Psychological factors can affect TMJ treatment. Gerke, D.C. et al. 440
- Severe TMJ internal derangements can be definitively treated. Kryshalskyj, B. et al. 470
- Soft occlusal splints for temporary treatment and TMJ diagnosis. Harkins, S. et al. 215
- TEMPOROMANDIBULAR JOINT SYNDROME**
- Associations between CMD and psoriasis. Kononen, M. et al. 89
- Craniomandibular disorders: No one's responsibility? Howard, W.W. 52
- High risk of TMJ pain dysfunction syndrome malpractice claims. Marbach, J.J. 77
- Nonoccluding splints effective for MPD. Rubinoff, M.S. et al. 158
- Oral proprioception not a factor in TMJ disorder. van den Bergh, L. et al. 43
- Sodium hyaluronate and steroid injections effective in TMJ arthritis. Kopp, S. et al. 95
- TMJ screening exam simple, efficient. Lague, G.D. 76
- TENS see ELECTROANALGESIA**
- TERRITORIALITY**
- Spot is no rover. Romig, J. 477
- TESTS, BACTERIAL**
- Periodontitis test gives accurate, rapid results. Peros, W.J. et al. 297
- TETRACYCLINE**
- Tetracycline irrigation and SC/RP both effective fighting periodontitis. Silverstein, L. et al. 497
- Tetracycline therapy effective in treating juvenile periodontitis. Novak, M.J. et al. 494
- THAILAND**
- Thailand, a unique choice for vacationing dentists. Bodenheimer, M.B. 106
- THEFT**
- Automotive shakedown. 532
- THERMOSTAT**
- Heated debate. Lewin, D.I. 421
- THINKING**
- I think I can. 420
- THYMOL**

 Trauma and vascular regeneration affect implant outcomes. Parr, G.R. et al. 551
VERTICAL DIMENSION
 Adaptable occlusal scheme for internal derangement. Young, J.L. 243
 Patients assessments of vertical dimension. Liedberg, B. et al. 16
VIOLENCE *see also* AGGRESSION
 Family violence charges high price for Americans. Straus, M. et al. 162

VIRUS DISEASES

Viral diseases affecting dental practitioners. Mjos, D.P. et al. 426
VIRUSES
 Doctors continue the fight against viruses. Osterhold, K. 218
 Literature review of link between viruses, salivary glands disease. Scully, C. 568
VISION
 Good vision is essential for dental hygienists. Roadarmel Iedford, J. 310
 Magnification devices for presbyopic dentists. Woo, G.C. et al. 512
VITAMIN B DEFICIENCY
 The party's over. Barnett, R. 196
VITAMINS
 Variable responses to endodontic treatment. Cheraskin, E. 62

W

WALKING *see also* EXERCISE
 Walking can be safe, effective exercise. Rippe, J.M. et al. 444
WHEEL
 Wheels of time. Benditt, J. 197
WHEELCHAIRS
 Transfer techniques for nonambulatory patients. Kaminsky, S.B. et al. 242
WIT AND HUMOR
 Fun gets the work done. Lang, S. 588
WOMEN
 Potty parity for women. Russell, C. 365
 Scents-ability. 140
WOUND HEALING
 Early regulatory events important in regeneration. Knox, B. et al. 370
 Effects of DBM in bone defects studied in rabbits. Aspenberg, P. et al. 637
 Healing after periodontal surgery not hindered by subgingival calculus. Fujiikawa, K. et al. 379
WOUNDS AND INJURIES
 Pediatric dental emergencies studied. Battenhouse, M.A. et al. 200
 Root resorption after endodontic treatment. Artun, J. et al. 7

X

X-RAY FILM
 Bite wing radiographs prove invaluable in examining restorations. Kroeze, H.J. et al. 606
 Periapical radiolucency mimicked by film fault. Horner, K. 579
 Unprotected dental film can be subjected to scattered radiation. Sewerin, I. et al. 373

Y

YEASTS
 Incipient caries, lactobacilli, and yeasts good caries predictors. Pienihakkinen, K. 200
 Oral yeast infections caused by Candida. Swenson, H.M. 63
 Reliability of screening for salivary lactobacilli and yeast caries. Pienihakkinen, K. et al. 32

Z

ZINC CITRATE
 Effect of triclosan and zinc citrate on plaque. Saxton, C.A. et al. 539
